

COURSE BROCHURE

REVIT ARCHITECTURE

3 Months
90 Hours Approx.

Join the Best Revit Architecture Training Institute to Learn from Experts. Enrol in our Revit Architecture Course & Classes for a Successful Career. Also Get Online Verifiable Certificate and Job Placement Assistance

Course Content

- ▶ Introducing Autodesk Revit Architecture
- ▶ Working With Projects And Elements
- ▶ Working With Project View And Work Planes
- ▶ Working With Basic Building Components - I
- ▶ Working With Basic Building Components - II
- ▶ Working With Site Design
- ▶ Working With Massing Studies
- ▶ Annotation And Detailing
- ▶ Working With Construction /Documents
- ▶ Rendering

About Course

Autodesk's Revit Architecture is a powerful BIM (Building Information Modeling) software tool designed for architects, engineers, structural engineers, and contractors. It permits users to design a building and its sub-components in 2D & 3D, annotate model with 2D drafting elements and accessing building information from the building models database. Furthermore Revit software comes with tools to arrange & track different stages inside the buildings lifecycle, i.e. from concept to construction and later devastation. Revit Architecture course at our institute is spread across 3 months duration. The course is a unique course in itself. Besides getting familiarize with interface, this Revit Architecture Master Course will equip you with basic drawing and altering tools.
