About Course

CCC training in Rajkot laid down by the government. It is known as Course on Computer Concepts. This course is basically designed to impart basic level IT knowledge to the common man. This program has initially been conceived with the aim of bringing the use of PC in various walks of life of the common man. It is one step towards making India totally digitalized country. After the completion of the course, the candidate should be able to do basic work on the PC like preparing a small-scale database, preparing his/her personal/business letters, and viewing information on the internet. Particularly, the prerequisite for this course is that the candidate should be from NIELIT approved institute that has permission to conduct CCC training in Rajkot.
